

Submitter: Pat Holliday

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My name is Pat Holliday. My husband and I own and operate a cow-calf agriculture operation located in Grant County in eastern Oregon. I am strongly opposed to HB 2025. Fuel is essential for us to operate our business and we cannot economically handle increased gas taxes. OR Dept. Transportation provides essential services for our rural community. However, increasing taxes is not the method to solve ODOT's financial issues. Increasing the payroll transit tax will negatively impact every working person in Grant County. Again, I oppose HB 2025.
