Measure, Appointment or Topic: HB2025

I love this state and it had been my home my entire life, but over the years it has become harder to live here. The cost of everything continues to go up and we can not keep up. Everytime we look there is a new tax, or fee or increase in cost eating away at our budget. I cannot just make up more dollars to meet the higher prices, I have to work more hours, which, means more taxes get taken from my paycheck because it is higher. Please, I'm asking you to consider what this will do to us, the ones who have to carry this burden. Do not pass HB 2025!
