

Submitter: Scott Zentz

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

there is no more money to be had. The "Well" of the people is dry. it's time to cut back to very basic services and then cut some of them. You are taxing us to death, there just is no more. I have to make cuts and/or extend things out you MUST as well. No new or additional taxes, in fact it's past time to start abolishing some. Start with the gas tax then property taxes. This must be done.
