The Tri-Met buses and the MAX trains serve our community well.

The relative frequency of buses and trains offsets the occasional delays.

Great integration with navigation apps gives me an accurate estimated arrival time for my bus or train whether late or not.

I'm grateful for the bus and train drivers who get me to places in Portland, so that I don't have to drive and park there.

It's also been our primary transportation to and from the beautiful Portland airport.

Please help us maintain our bus routes into the future.
