

Submitter: Lynda Killian
On Behalf Of: Myself
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

Oregon is still one of the most beautiful states in our country. Unfortunately, the left political climate is making it ugly. As a senior citizen the ever increasing taxes are forcing me to consider moving out of state. The irresponsible spending of our tax dollars is sickening. They waste and make promises and come back yet again trying to take more out of our pockets. Democrats work within your budget like we have to!!!
