HB 2025

My name is Dave Vanasche and my family has owned and operated Vanasche Farm since 1896

We are totally opposed to HB 2025. No more taxes. My friends and relatives are leaving Oregon to avoid the continual quest for more spending and taxation. Downsize ODOT and get back to the basics of building and repairing roads. Our farm will not survive with more taxes and regulations  
Trying to continue our family farm
