Measure, Appointment or Topic: HB2025

Hi I'm Donald Lutjen a 70 resident of Beaverton and currently Portland, Oregon. I'm strongly opposed to HB 2025. Raising gas taxes, registration fees, and licensing costs in the middle of a cost-of-living crisis is unacceptable, in fact your budget SHOULD BE AMPLE, be smarter with the money you take from us yearly. This bill punishes working families, retirees like myself and young adults trying to make ends meet. Enough is enough of your tax and spend measures, it's time for you to start reducing our tax liability, lets go to work on that. REDUCE property taxes, in fact eliminate, reduce, or cap it for retirees, help your citizens instead of working to take more of our money, IT'S IRRESPONSIBLE!
