

Submitter: Steve Hays

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Stop this insane money grab! You continue to create policies that work against your citizens! If you want to continue to drive away businesses & an ongoing departure of existing property & tax paying citizens!

Then you will accelerate that action! Look at the states that are growing vs the states that are declining in both people & revenues! You are contributing to Oregon's decline! Shame on you! You will have to own your decisions throughout Oregon history. A colossal failure will be said if you continue this path!
