Measure, Appointment or Topic: HB2025

Co-Chairs McLain and Gorsek and Members of the Committee,

My name is Scott, and I live in Portland. I'm here today to support House Bill 2025 because I want safer streets for my family and my community.

Every day, I have to walk and bike on unsafe roads to get to anywhere. I've had too many close calls with inattentive and reckless drivers, unsafe infrastructure, and other road hazards. The Safe Routes to School and Great Streets programs will make our streets safer for everyone, especially kids, elders, and people who don't drive. Finally, while I fully support on-street safety investments, they often lead nowhere if we don't also fund off-street connections. That is why I urge you to include funding for the Oregon Community Paths program to create a complete and connected network.

I urge you to support HB 2025 and fully fund these life-saving programs.
