Measure, Appointment or Topic: HB2025

I oppose HB2025 and you should too! Oregon politicians talk about helping its citizens and "making things more affordable" meanwhile they are raising taxes on everything, trying to steal our kicker because of all the states irresponsible spending, fraud and waste. This would be detrimental to all Oregonians, we already one of the highest taxed states on our way to being THE highest taxed state. Stopped this madness, you are creating the homeless, the drug addicts, all the same issues you say you're trying to fix! OPPOSE HB2025!
