Measure, Appointment or Topic:	SB243

This law is facially unconstitutional and burdens people who wish to protect themselves from bad actors, statistics show that the average response time for police is ten minutes, in that time someone could be raped, assaulted or murdered, the average response time of a concealed license holder is seconds, on top of that, introducing a wait time to pick up a firearm after a background check has been conducted and the state police has approved it is a denial of rights, if they have been approved there is no reason to make them wait longer to get their firearms, as well as the federal government has lost the case calling forced reset triggers and bump stocks machine guns, if this bill passes I fully expect the state to receive lawsuits over the constitutionality of this bill and lose, as they should, the state is going to waste millions of taxpayer dollars to try to infringe on our constitutional rights, these politicians should be removed and barred from ever running for office, I, on behalf of the people in the state of Oregon reject this bill in its entirety, and will support removing this crooked politicians from office and any charges brought against them.
