Support for HB 2025 – STIF funding

Dear Co-Chairs McLain and Gorsek and Members of the Committee,

I write today in support of the increased transit funding and the STIF program in HB 2025. The increased funding for the STIF program in this package will help prevent significant cuts to public transit service across Oregon.

I rely on Trimet buses and MAX light rail to travel to locations in downtown Portland, and in my local area.

Since my motivation for using Trimet is to avoid parking problems, I would have to limit those trips if Trimet service were to be cut back.

While the funding proposed in this package is not enough to provide the additional transit service I would like to see, it will prevent Oregonians like me from being stranded without the transportation access I depend on. Please support HB 2025.

Sincerely,
Joseph Dunford
Portland
