

Submitter: Adrienne Aiona

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Hello Committee,

I want to voice my support for public transportation funding. I regularly ride TriMet to get around Portland. If we don't keep a minimum level of service, it will become significantly more difficult to rely on the bus for regular trips. Maintaining public transit is also critical to meeting climate goals.

Thank you,
Adrienne Aiona
