Measure, Appointment or Topic: HB2025

Dear Co-Chairs McLain and Gorsek and Members of the Committee,

I write today in support of the increased transit funding and the STIF program in HB 2025. The increased funding for the STIF program in this package will help prevent significant cuts to public transit service across Oregon.

I use the trimet 56, 76 and 78 lines all weekdays to go to work. I don't have a car, if I don't use the public transport I would loose my job and I have no other means to afford going to work everyday if not for trimet public transport.

While the funding proposed in this package is not enough to provide the additional transit service I would like to see, it will prevent Oregonians like me from being stranded without the transportation access I depend on. Please support HB 2025.

Sincerely,

Anoop Kasa
