

Submitter: Michael Halverson

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

To the Transportation Committee;

I'd like to share my opposition to this bill. An increase in fuel taxes on this level is damaging to me personally, as I buy fuel to drive to work! I'm already under a heavy tax burden as it is. This is too much!

Thank you for your time.
