Support for HB 2025 – STIF funding

Dear Co-Chairs McLain and Gorsek and Members of the Committee,

I write today in support of the increased transit funding and the STIF program in HB 2025. The increased funding for the STIF program in this package will help prevent significant cuts to public transit service across Oregon.

I use public transit, including Trimet buses and the MAX light rail, as my primary mode of transportation in and around the city of Portland. If transit service were to be reduced, my ability to navigate the metro area, including everyday tasks such as grocery shopping, would be severely limited.

While the funding proposed in this package is not enough to provide the additional transit service I would like to see, it will prevent Oregonians like me from being stranded without the transportation access I depend on. Please support HB 2025.

Sincerely,

Daniel Lyon
Portland, OR
