

Submitter:

Troy Acott

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1173

Oppose, doctors sign an oath and should protect people or be liable along with others harming people, as should the clinics and hospitals - they are not just a store with random products on the shelf, they are supposed to be trusted and should be setting standards for the products they "carry" and the behavior of the doctors they employ.
