Measure, Appointment or Topic: HB2025

My name is Carla Dickerson from Florence, Oregon. I am strongly opposed to HB 2025. Raising gas taxes, registration fees, and licensing costs in the middle of a cost of living crisis is unacceptable. This bill punishes all working families who are just trying to get by. In rural areas almost every job requires considerable commutes and in many families both parents work. Single parents are working multiple jobs trying to survive. These fees and taxes will significantly affect the ability of working families to afford food and shelter. The constant increases will create more homeless and hungry families. Enough is enough !
