

Submitter: Bradly Mabie

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose these increases in taxes. This is just a cash grab to fund pet projects after gutting the fund for the kicker refund. Balance the books for Oregon's public works using the actual money you get from the income tax before deciding to put pressure on more middle and low income class people who drive to work daily.
