

Submitter: Lisa Huffman

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please support this funding. Public Transportation is a public good. I see people everyday that utilize the bus as their only means of transportation they can afford. I have been an employee of TriMet for 5 years (4 years as a Bus Operator). It's crucial that Bus and Rail continue to be available in the Portland Metropolitan area.

Thankyou for your consideration,
Lisa Huffman
