The sick state of California sits South of us and is a clear example of a failure in using taxpayer money wisely. And you legislators want to pass a bill to gigantically tax hard working Oregonians even more in this attempt to essentially copy California's horrible tax situation. I wish I had never moved to Oregon, it has become a bad choice ... indeed the nice times here when I was young have swung entirely to the other extreme, it is now far from the nice place it once was. And you wonder why there are so many suicides in Oregon... your endless corrupt bills may be a huge cause!!
