

Submitter: Sonia P  
On Behalf Of: Oregon tax payers  
Committee: Joint Committee On Transportation Reinvestment  
Measure, Appointment or Topic: HB2025

Just stop with the taxes! We are all ready paying way too much in taxes in this state with no good real improvements done. Our roads and bridges are in crap condition. ODOT making an accounting error in the tune of one billion dollars is just astronomical. We as Oregon residents are struggling to make ends meat in this state. Stop taxing us
