Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My name is Robert Jansen from Corbett, Oregon. I am submitting testimony to strongly oppose HB 2025. Raising gas taxes, registration fees, and licensing costs in the middle of a cost-of-living crisis is unacceptable. Oregon is already one of the most expensive states in the country. You need to think about the hard working people of the state, this will hurt the most. This bill punishes working families just trying to get by and will encourage people to leave our state. Stop it, you're killing us! We already have higher gas prices than other states, probably except California. And you can see how people keep leaving California by the numbers with the 2020 census. Work for your constituents. Oregon used to be a great place to live but is now becoming a state to leave. Vote No on 2025.
