Measure, Appointment or Topic: HB2025

My name is David Grebil of Hillsboro and I strongly oppose this bill. It will stress working families already stressed financial budgets. We have as gas prices that are in the top 10 nationwide (\$.75 +National average) and what do we have to show for it. Pot hole covered and weather checked roads, empty max trains and bicycle lanes that have maybe have 1 rider/ mile usage. I realize it's a big ego boost to the members of the legislature to spend money Willy nilly and go back to your constituents say "Look what I'm going to do for you. You're going to get these new shinny things!" Not realizing that something in the family budget is going to suffer, just to stroke your ego.

My recommendations are to look inward, find the money in an already bloated govt. Then when you need \$\$\$ ....
