Measure, Appointment or Topic: HB2025

I am writing in opposition to this measure, as I believe additional taxes are unnecessary to fund these projects. There are alternative, less burdensome solutions that would not place further strain on Oregon residents.

Taxes are already overwhelming for many individuals and families. Rather than providing relief, they continue to make it harder for people to get ahead. Personally, I cannot afford further increases—it would only deepen the cycle of living paycheck to paycheck. My family and many friends would also be negatively affected.

This measure does not serve the people; it places a greater financial burden on them. For these reasons, I respectfully urge you to oppose any new taxes.

Thank you for your time and consideration.
