Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose adding add taxes to Oregonians.

I think we would be better served by looking at cutting and prioritizing projects by need. It seems that way too much is being spent on handicap upgrades, need to remove all DEI costs, look at other cost cutting solutions like removing prevailing wage requirements on all projects. Rather than continuing to just ask for money lets first look at how to reorganize and using the money we have more efficiently.
