On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose new taxes. It is time that we get to looking at where we can be more efficient and use the money already allocated better. It is time that electric vehicles start paying their fair share. These additional taxes will just harm our economy and have a terrible impact on rural residents that drive more miles and need larger vehicles due to what they need to make a living.
