

Submitter: Marianne McDonald

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose HB 2025 because we the people of Oregon are suffering at this time economically! We can barely afford to buy groceries and are living pay check to pay check. The Oregon House is completely out of touch with their constituents. The timing on this bill is horrendous and you all will pay at the next election.
