We people of Oregon are taxed to the hilt now and don't need to be taxed more, taxes need to be lowered or stay the same. It would behoove you to quit filling your pockets and do something good for us, that is what we pay you for. Being an alone 85 year-old senior citizen woman trying to live on social security is the pits. The democrats seem to know nothing about living in the real world and only look to see how much money they can spend on nothing worthwhile and destroy everything around them. Wake up and get the ball rolling in the right direction. I have no faith in a governor that doesn't know whether she is a man or a woman and don't trust decisions from someone with a mixed up brain.
