

Submitter: SEAN HUMMEL

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

As a native Oregonian I have watched over the years our state politicians implement taxes that were voted down by the residents of this beautiful state. I have also watched my own friends leave the state of Oregon due to these devastating policies. The more taxes that you force on the residents of Oregon the more you will see leave just like what's happening in CA. Stop the madness.

Thank you,  
Sean
