Concern increased Taxes,

I'm concerned that our already high taxes paid out of my payroll check, WILL cause more stress on my limited ability to keep my property taxes & dental expenses paid. And my 2008 vehicle has some transmission issues, as I will not be able to afford needed maintenance or the purchase of a used vehicle (do not want added debt for a Newer vehicle).

Please do not make TAX INCREASES w/your proposed bill!

As this would put added hardship to my family!

Sincerely,

Connie Paulsen (Still full time working at 68 yrs of age)
