

Submitter: Kary Reinke

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Each day, I take photos of vehicles with expired tags, no tags, no plates or trip permits and they are driving on the roads daily. If these hundreds, possibly thousands of vehicles were made to pay their registration fees and update their plates once moved here, Oregon would have funds to repair the roads. For 5 years, we have witnessed Oregon not enforcing the laws. The addicts have no plates or tags and allowed to drive on our roads.

Please enforce our existing laws and then re-assess funds.

Thank you
