

Submitter: Rick Dodge

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

To whom it may concern,

We the people are living scared and frightened over the burden of more high taxes that the ruling Democrat party seems to impose on us at every opportunity. Their disgraceful hypocrisy to continually tout their concern for affordable housing and the high cost of living is totally anti Oregon. This is another outrageous attempt to take advantage of us to satisfy their spending habits by imposing HB 2025 on us!. Is this a sales tax replacement?....sure looks like it. Worst of all, to impose this tax without the vote of the people is what Socialist country do!!!!

Thank you,

Rick Dodge.... native Oregonian
