

Submitter: Emily Stebbins

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

As a parent and an educator, I care deeply about the health and safety of our children, now and in the future. It is vital that our transportation package make it safe and easy for Oregonians to get around using active transportation and public transportation. Our streets should be safe for pedestrians so that we can have clean air and water, and a livable climate now and in the future.
