

Submitter: Donald Perman

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My name is Dr. Donald D Perman Jr., grew up in Happy Valley, practice general dentistry in Canby for 32 years. I have seen this state grow but can not ever find the details on the budget for ODOT. How do we know the efficiency and actual spending of all our tax money and federal and state funds spent by ODOT. I still have not heard anyone taking responsibility for the \$250,000 spent on state bridge design and then once spent we never built the bridge and now talking about designing a new one. Who do we point fingers to who wasted that tax money. This is just one example. Many projects with no details on expenses. Before you ask for more money please give the public the details of where every penny goes. Thanks, Don
