Here we go again! Oregon is already one of the highest taxed states in the nation! Oregonians are enduring High prices, a long-term housing crisis, and a social economy where half of the state population lives off the sweat of the other half. Salem wants our money but not our beliefs. We are taxed enough already! most of this is against the Oregon constitution. I cannot believe that you can look at Oregonians with a straight face and say that "it's a FEE, not a tax". We cannot afford to give the state any more of our money. I don't care what "programs" you are trying to fund. Salem needs to CUT taxes and Defund programs that exist if necessary. Please don't do this to us!
