Measure, Appointment or Topic: HB2025

Why I Oppose HB 2025, Any new taxes and fees will only worsen Oregonians troubles with purchasing /maintaining affordable housing. We already have an affordable housing crisis; we can't afford more taxes. The solution is always more taxes not to stay within the budget. I have to operate within a budge why doesn't the state? Please don't make it harder to survive in the state of Oregon.
