

Submitter: Kevin McKay

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

For over a century the railroads have shirked their responsibility to safeguard the community by maintaining the bridges. They've done absolutely nothing. They're making money, spending nothing. Legislation needs to happen to make them take responsibility. That may not be in the bill. But, like the robber barons of old, they need to be made to do their duty.
