Please, enough of these taxes ,DMV renewals hikes etc its already a shock at the DMV/DEQ every 2 years and every time we fill our tanks.Oregon already has the 2nd highest gasoline taxes in the nation and has continually voted for no taxes but it seems that we are being ignored with these backdoor sneak taxes! Please let's keep this state affordable, for all and a model and envy for the rest of the Country.

Sincerely Raymond. C.Storey.
