Measure, Appointment or Topic: HB2025

As lifetime Oregon resident and former Mayor of city of Jefferson I feel I am well acquainted with the wishes and needs of the People of Oregon. Our state representatives including our corrupt Governors over the last decade or so have truly shown their blatant disregard for the wishes of Oregons people. Though we have voted against multiple issues overwhelmingly, Our past representatives and Governors seem to just follow their own political agendas in spite of Oregonians needs. It Seems our 1 party dominated government is hell bent on following the self destruction agenda of our neighbors to the south "California" this must stop now, we the people now demand we have a voice in how Oregon is governed. The next election cycle will be determined by your attention to how you respond to our wishes on this matter.

No new taxes,

Stop government waste

Stop illegal redistricting

Stop stealing kicker \$ from Oregon

Billions spent on homeless needs results

Stop the middle of the night legislations

Clean up our roadsides

Stop Sanctuary policy that endangers citizens

Only Citizens vote in America, incudes Oregon

Stop bickering with Americans president.

Stop politicians being bought by special interests

We demand a voice in our government and this democrat super majority must end...

Any political super majority must End
