Taxes

Raising taxes is not the solution. We widen roads because there are more cars. Each of those cars has a new tax payer. It's not an excuse to raise taxes. Building a new school means there are more people paying taxes for schools. Its not an excuse to raise taxes. Holding our kicker money that is not yours is not an excuse to use it. We are almost as bad as California. The only people who can afford to live here are the super wealthy and the immigrant who gets things paid for them with our money. Lets celebrate cutting costs. We are flooded with money, Our money not the governments money.
