No, on HB 2025. We do not need bigger and heavier trucks on the road with inexperienced drivers to run families off the road. Too many trucks are the reason our roads and bridges are failing for the past four decades.

Trucker Unions bankrupted the Railroad Unions. Now the government wants us to put trains on the highway. ODOT needs to care more for the wellbeing of Oregonians than high profits.

Oregonian taxpayers can't keep throwing money at these government agencies that care more about funding their political agendas than fixing our infrastructure .

Again, vote NO on HB 2025
