

Submitter:	Patrick Mckenna
On Behalf Of:	Law abiding citizen
Committee:	House Committee On Rules
Measure, Appointment or Topic:	SB243

This bill is unconstitutional and does nothing to protect citizens. This bill attacks law abiding citizens from protecting themselves from bad actors. The 72 hour old does nothing but impedes the people from exercising their constitutional rights. This bill creates more confusion on where legal and lawfully abiding concealed carry citizens can carry from county to county and city from city municipalities. This bill does nothing for safety and health, but in fact it puts more people in harms way and hinders the ability for its law abiding citizens to protect themselves in the most populated areas. All these Gun laws that the state is bringing are there more to attack law abiding citizens then in protecting themselves people. They should spend more time solving the mental health of people and less time going after law abiding people. Oregon constitution and federal constitution demands the rights of the people on the 2nd amendment Shall not be infringed. PERIOD.....
