NO on SB 243 B

This bill is a "GUT & STUFF" -Amended list of gunowner restrictions:
•Dealer purchase waiting period extended to 72 hours regardless of approval time,
•Restrictions on selling or transferring rapid fire activators.
•Prohibits anyone to possess, purchase, receive, transport, manufacture, sell, offer to sell, or transfer a rapid fire activator – Class B felony, possession is Class A misdemeanor, exemption if registered with federal law machine gun.
•Public area restrictions added grounds adjacent to restricted buildings such as hospitals, public building, schools, residence of any state official, and anywhere a sign is posted, except if there is an adopted policy for concealed carry and post on their website.

The Amendment reads like guilty without the right to prove our 2nd Amendment rights, and without any criminal act or intent other than the stripping of our 2nd Amendment rights. You want to disarm us while at the same time you want to let more criminals go free (HB 2640) and extend sanctuary to sex offenders (SB 820 & SB 821). This amendment combines into one bill: HB 3076, SB 696, SB 697, SB 698, SB 429, HB 3224 and HB 3075. There were so many bills this legislative session that would strive to take away our second amendment rights. Cut it out!! We the People, have the right to defend ourselves and to own firearms. These bills have the objective of stopping us from doing that. This is wrong. AND UNCONSTITUTIONAL.

AMENDMENT PROPOSED BEFORE SENATE RULES COMMITTEE:
•Removes Dealer purchase waiting period of 72 hours.
•Removes "adjacent ground" except for court buildings. Allows local governments to pass ordinances restricting carry in public building and post a sign on the door.

LEAVE OUR SECOND AMENDMENTS RIGHTS ALONE!! It is clear that you don't want Oregonians to have guns. This is unconstitutional!!
Please vote NO on SB 243 B, thank you.
