

Submitter: Rachael Brown

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

This is a continuation of the complete ignorance of how hard it is for Oregonians to be able to afford day-to-day life. Adding this tax and the other taxes that are proposed continues, the un affordability or outright inability to buy food because they're paying more in taxes. Please look at budgeting and auditing at the current levels. Oregonians can't afford these tax increases.
