Measure, Appointment or Topic: HB2025

I am asking you to please consider the impact that Oregon HB2025 will have on your fellow Oregonians. So many of us are struggling now just to survive without anymore added expenses or taxes.

Just as an example a new tax that took effect in January 2025 for bedding. My husband and I needed to buy a new basic bed frame and we had to pay a \$20.50 tax for recycling of the old bed frame. And that didn't get the bed frame recycled we still had to take the old bed frame somewhere else and pay again to have it recycled. All of these new taxes and fees seem small until they all add up to a large amount of money.

My point is we just can't afford anymore taxes or fees. Please listen to your fellow Oregonians.

And maybe consider the option that Christine Drazen introduced.

Thank-you for your time.
