Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Around my community there are not sidewalks on many city streets, no bike lanes on busy streets, rampant speeding, few stop signs and no crosswalks at many busy street corners. There have been too many car accidents on the corner where I live and I have observed that most cars around my neighborhood drive much faster than the speed limit because of a lack of enforcement. This is dangerous and needs to change.
