

Submitter: Peter Wallmark

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I now live in Wilsonville, but I have been 100% supportive since the inception of the Frog Ferry to plan bring River Transportation to Portland. It makes sense at so many different levels: For example, excellent mode of transportation for the Region and takes advantage of the scenic beauty of our River. It will be great asset to Portland and Oregon for all the reasons that have been repeatedly cited by Susan.
Peter Wallmark
