

Submitter: Patricia McVay

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am strongly opposed HB 2025. Oregonians currently pay some of the highest taxes in THE NATION ! Oregon ranks in the top 5% of highest state taxes. Our tax dollars are not being spent wisely now and MORE taxes are being proposed?? How is this going to help inflation and other costs to the consumer and everyday Oregonian?

You should be finding ways to cut funding for wasteful spending and projects, rather than increasing taxes on a cost that effects everyone that works, commutes to work or operates a business.

Please vote NO on HB 2025 .
