Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB1173

I OPPOSE [SB 1173].

Product Liability should attach to all products used upon patients.

Hospitals, Clinics, Pharmacies, and their employees maybe all too quick to take the easy road to making huge profits. Product Liability might not even be a concern to them.

Health Care Facilities maybe "rolling the dice" concerning the products they buy and administer to patients and should be put on 'Notice' there will be 'No' protections for 'Negligence' of any kind.

Is the Oregon Health Authority paying attention?

David S. Wall

Mr. Oregon Concurr and says, "Product Liability is 'strict liability' in Tort. 'Strict Liability' can lead to punitive damages. For Plaintiff, Punitive Damages are what Dreams are made of."
